

AUTOMATION UNIVERSITY PROGRAM Slovakia FY10						
	Hands On Room A	Hands On Room B	Hands On Room C	Room D	ROOM E	
Track Description				Live Demonstrations/ Presentations	University Room only on 28th April	Track Description
From 8:00	Registration and coffee - show floor open - 8.45 hrs. Welcome Speech					From 8:00
9:00	SKL01 Stratix 8000 - The Next Generation Ethernet Switch Best of Both Worlds	SKL03 Integrated Architecture: Putting the pieces together	SKL08 Process Control Configuration in ControlLogix	SKD06 Connected Components - Sized to Meet Your Needs for Simple and Smart Machine Control 1st day SKD07 RSLogix 5000 - Reduce Development Time with Advanced Tips and Tricks 2nd day	SKP09 "Vibrodiagnostics - Applications for protection and on-line monitoring of critical machines and turbines" EGV Ing. Miroslav Urbánek, CSc., Ing. Martin Rybák, CSc.	9:00
					SKP10 Aliacem	9:30
					SKU01 "Welcome to univerities by Rockwell Automation" J. Vepřek	10:00
10:00					SKU02 VÚT, Brno	10:30
11:00	Coffee break at show floor					11:00
11:15	SKD01 Getting the most from 3rd Generation Industrial Ethernet Installations	SKL04 Fundamentals of Logix	SKL09 Process Improvements with Runtime Modifications of Integrated Architecture Systems	SKP01 New Safety standards - K. Stibor	SKU03 TUKE, Košice	11:15
	SKD02 Getting the most from 3rd Generation Industrial Ethernet Installations			SKP02 CSM T. Hall	SKU04 ČVÚT, Praha	11:45
				SKP03 New RA drive technology - P. Drahota	SKU05 R&D Praha	12:15
				SKP04 "Using of GuardLogix with I/O moduls on Ethernet I/P for safety aplication in body shop" KIA Motors Slovakia Ing. Ondřej Vašek		12:45
13:15	Lunch at show floor					13:15
14:15	SKL02 RSLogix5000 introduces Data Access Control for Controller Tags	SKD05 FactoryTalk ViewPoint Web-enable your HMI	SKL10 Plug & Play with Rockwell Automation Safety Components	SKP05 "Using of PowerFlex drives in paint shop for Energy saving aplication" Peugeot Citroen Slovakia Ing. Marek Hoppan, Ing. Emil Karas		14:15
				SKP06 "Riešenie riadiaceho systému pre BBC UK" CSE CONTROLS Ing. Peter Rožek, Ing. Miroslav		14:45
15:15				SKP07 "Zvýšenie výrobnnej kapacity v Amylum Boleráz" Procont spol. s r.o. Ing. František Kiseřák		15:15
				SKP08 "Aplikácie RS Rockwell Automation v energetike" M-D-J spol. s r.o. Ing. Ján Liguš		15:45
16:15	Coffee break at show floor					16:15
16:30	SKD03 Speed & Position Control Solutions DEMO	SKL07 Add On Instructions - How to Create and Apply User-defined Functions in Logix	SKL11 Integrating Safety into Your Architecture with GuardLogix and Ethernet/IP safety devices	SKD08 Ethernet Best Practice and Troubleshooting - presentation & demonstration		16:30
17:30	SKD04 Intelligent Motor Control with PowerFlex AC Drives - Advanced Features and Applications			SKD09 Network Security Best practice - presentation & demonstration		17:30
18:30	Dinner, Entertainment on show floor, - 28th April Wednesday only Raffle during evening entertainment to be sponsored by ProSoft					18:30
		Hands-On Session	Demo Session	Presentation	University sessions
